

Are you always worried about security, spying out your window late at night when you hear dogs bark or noise, to see whose outside your house?

Are you suspicious of security guards watching your property at night?

Is your company, asset, or property a target of burglary, break and enter, or theft?

Let us be your eyes and ears when you are not there!

eSpy Solution

the electronic eye

Property and Asset Protection

eSpy© is the product name or solution provided by Mortronix Technologies Limited. It is an integration of both alarm and CCTV systems, to meet security needs. We have come up with this smart system to protect clients and their assets from becoming victims of burglary and theft. Some of the features of this system are:

- Remote Off Site Monitoring (by Mortronix)
- Real-Time Video/Audio Monitoring
- 24/7 System Video/Audio Recording
- Scheduled System Arm/Disarm
- Instant SMS Alert
- Mobile App to Monitor using Mobile Devices
- Instant Sensor Trigger
- Police or Security Guard Response* *(Conditions Apply)*

Don't Compromise on Security

Let us be your eyes and ears when you are not there!
